

Victorian Vegetable Grower

Notes

9-February-2010

Industry Associate Members

We welcome the generous support of two NEW Industry Associates

Our Industry Associate Members play a vital role in the continued success of Victorian Vegetable Growers and regularly support Grower events and activities.

When choosing products or service for your business, please give preference to those who have chosen to support your Industry Association.

Transplant Systems
Leaders in Transplanting Technology

Transplant Systems are a progressive Australian company specializing in the manufacture and marketing of transplanting equipment.

They use the best of modern technology to produce unique and reliable vegetable and herb transplanting machines.

Transplant Systems also import and manufacture a large range of automated nursery equipment including :

- [seeding lines \(200 – 1500 trays per hour\)](#)
- [vegetable seedling trays](#)
- [computerized irrigation systems](#)
- [germination rooms](#)
- [growing and transport frames](#)
- [rolling bench systems](#)
